OB

WE ARE A PART OF OUR PAST, BUT . . .

There is a spirit among this county's people. It is that pioneer spirit which carved this county out of woods and made it into rich farmlands, pleasant communities and thriving businesses and industries. This spirit has lived on through many changes. The period of the stately plantations, in Greek revival splendor, flowed into the Victorian era, with its elaborate trims of gingerbread. This era, in turn, gave way to the ever-changing, ever-improving modern age of technology.

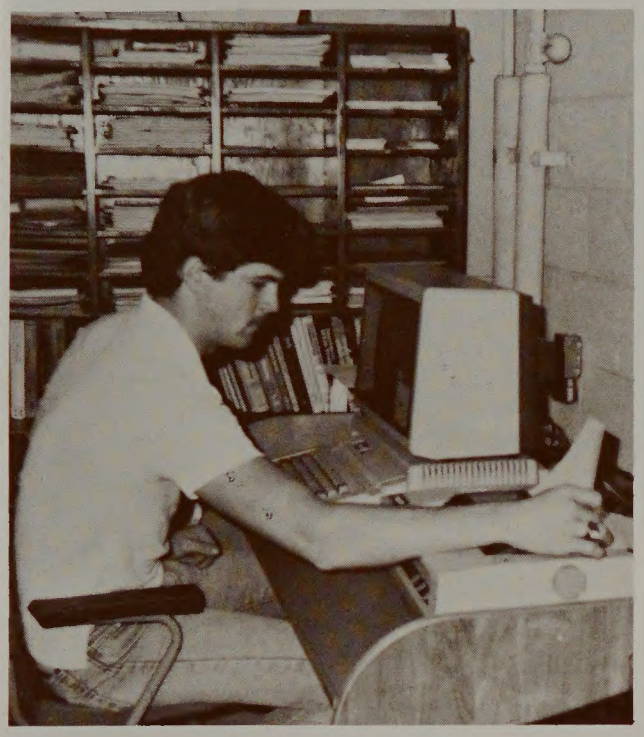

Deeply rooted in rural tradition, we are the inheritors of this proud and noble past. Local folklore and legend combine with familiar relics and historical sites in a legacy passed from generation to generation. With this firm foundation on which to build, we look forward to a future as glorious as our past. No matter where we go from here — no matter where the future takes us — we will always be a part of our past.

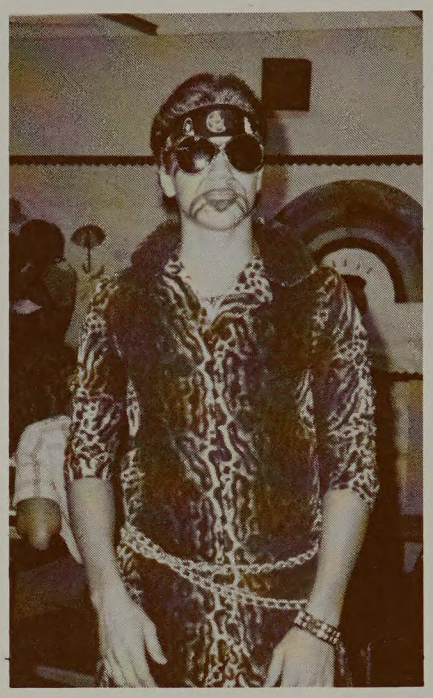

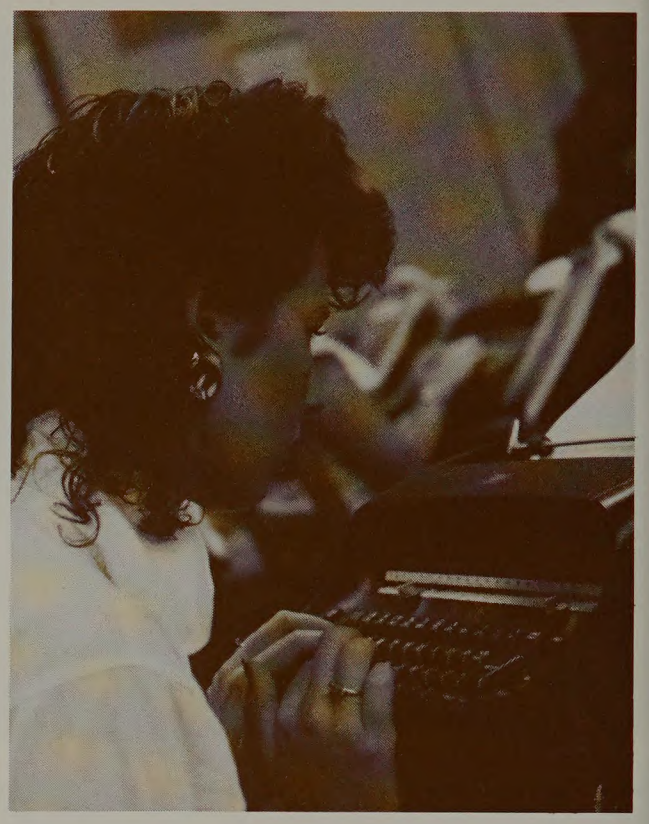

WE ARE A PRODUCT OF OUR TIMES.

It is true that we are a part of the past, but we are also a product of our times. We have all gone along with the fads and fashions of the day. We have worn mini skirts, played Trivial Pursuit, and been baffled by the Rubic's Cube. These fads, which seem so "in" now, will soon become things of the past and a joke to our children. There are also, of course, Michael Jackson albums and concerts and bands like Duran Duran, which we talk about in our special "teen language." This contemporary language is composed of part slang and part Valley talk. The sum total of all these things makes us models of our times. — Tammy Green

WE ARE ALL VERY DIFFERENT . . .

No two people are exactly alike; every person has a unique style distinguishing him from others. The most obvious difference between people is appearance. For example, the hairstyle and clothes of a punk-rocker greatly contrast with those of a preppy. Furthermore, our ambitions and goals vary because our ideas and beliefs are formed by different backgrounds. Finally, a person's personality makes him unique. One person may be vivacious and outgoing, while another may be quiet, shy, and a loner. This individualism makes each of us *one of a kind.*

YET WE ARE VERY MUCH ALIKE . . .

Though we're all different, we are very much alike. We are from the same generation — the generation that encourages independence, courage, and success. We are teenagers of the '80's — teenagers who have witnessed changes in presidents, improved technology, human heart transplants, and the threat of nuclear war. We are alike because we all want to improve ourselves and be leaders of the future. We, students at Central High School, strive to become successful individuals. But, most of all, the greatest similarity each of us has is the ability to think, learn, grow, and love. Together, we make up the society of Central High School.

— Angie Fallin

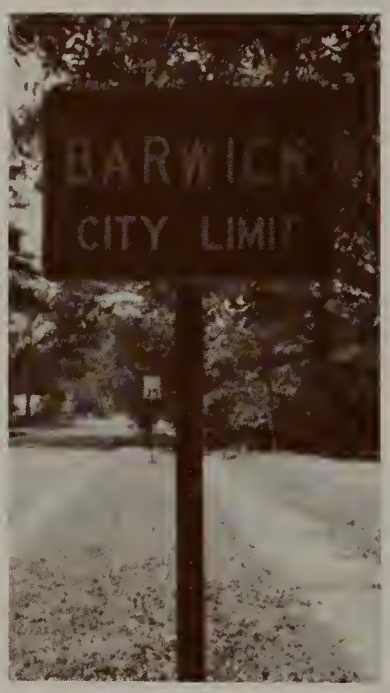

WE ARE ALL FROM DIFFERENT PLACES . . .

There is a theory that no two snow flakes are exactly alike. This theory holds true also for the nature of human beings. Individualists such as Thomas Jefferson, Teddy Roosevelt, Herbert Hoover, Henry Ford, and Ralph Waldo Emerson have made our country free and prosperous . . . but one needn't look through the annals of history to find great individuals. Central is a conglomerate of individuals from different places and cultures.

As the Central student body, we represent such far-off places as New York, South Carolina, Illinois, Texas, New Jersey, Tennessee, New Mexico, Germany, and Thailand. We represent the various Thomas County communities of Pavo, Coolidge, Boston, Barwick, Ochlocknee, Meigs, Merriville, and Metcalf. We represent neighborhoods like Summerhill, Skyline, Sunnybelle Acres, and Crabapple Hills. Because we have different family backgrounds and religions, we have different ideas, beliefs, and dreams. All these variables produce our hodgepodge of opinions and cultures.

— Greg West
Lori Rollins

YET WE ARE ALL FROM THE SAME PLACE

Even though we have different origins, we're all from the same place, too: Central High School. For seven hours a day, for four years, we are united in one body, ready to take on the obstacles that both school and the world throw at us. Many Central students spend more than seven hours a day together. We attend band, football, basketball, track, tennis, and baseball practices together. We have play practice, club meetings, and cheerleader camp to attend. At these extra curricular activities we also become one body. Band supports football, which supports baseball, which supports chorus, which supports clubs — and the circle continues. We become one, striving for common goals and excellence.

THE WORK ETHIC IS STRONG . . .

We plan our courses carefully to squeeze in requirements necessary for graduation or college. We begin the year nervously, hoping that our hardest classes won't destroy our grade-point average. Bells ring; and we struggle to cram thick, heavy books into small lockers, retrieve books for the next class, and still get to class on time. Lunch periods are used as study halls in which we memorize lines from *The Sound of Music* and finish English homework we didn't do the night before. However, lingering in the depths of our minds are Academic Boosters Awards, Honor Society induction, Appreciation Day, scholarships, college, or a good job after graduation. After school, many of us rush to Burger King, McDonald's, Happy Penny, or Quincy's to earn our weekend dough. Even though tests, term papers, book reports, and projects crowd our minds, there is time for pep rallies that inspire victory against our crosstown rivals. Breaks have been shortened, but if one talks fast, a lot can be said in five minutes. Club days give us the opportunity to govern ourselves. We plan projects, write bills for Youth Assembly, answer phones for a telethon, and — oh, yes — sell that candy!!

BUT LEISURE IS IMPORTANT TOO

Leisure time comes in the spring with spring break, P.C. Weekend, and St. George Weekend. For others, Friday nights take us to the movies, the bowling alley, and Chandler's, where Central, Thomasville, and Brookwood students meet to socialize. And then, one can always go to Tallahassee to see the Pointer Sisters, Hall and Oates, Rick Springfield, Chicago, Alabama, Foreigner, Whodini, etc. Young people can always find time for leisure and friends!

— Dawn Warren
Ginger Murphy

OUR HERITAGE IS RICH . . .

Generation blends into generation, bequeathing customs, traditions, and memories. We understand that many people give up comfort and life for freedom and the constitution that ensures it. Thomasville itself is generous in bestowing upon us a heritage of beauty and grace; plantations, old homes, brick streets, the Big Oak.

As generations pass, so do senior classes, each leaving a special heritage to the underclassmen. People, as always, are the past's greatest gift to the present and the future. Every class has its own unique combination of jocks, clowns, space cadets, brains, and preps. Special teachers give of themselves beyond the call of duty. Our heritage is indeed rich; with that assurance, we can step boldly into our present, satisfied in the knowledge that we are the equals of any people anywhere.

AND OUR FUTURE LOOKS RICHER!

Tomorrow is a golden ring that we reach for on the carousel of our lives. If we are bold and strong, we can catch that ring. We *are* bold, because our teachers — the best ones — have taught us to be confident in our abilities and talents. We are strong because these same teachers have helped us develop our mental "muscles" to a fine level of intellectual readiness. Our world has prepared us for tomorrow, as well. Space shuttles, artificial hearts, space wars defense systems . . . all these have been, for us, ambitions to work toward, promises that we can still boldly go where no man has gone before.

— Leann Nesmith

WE WERE COUNTRY BEFORE COUNTRY WAS COOL . . .

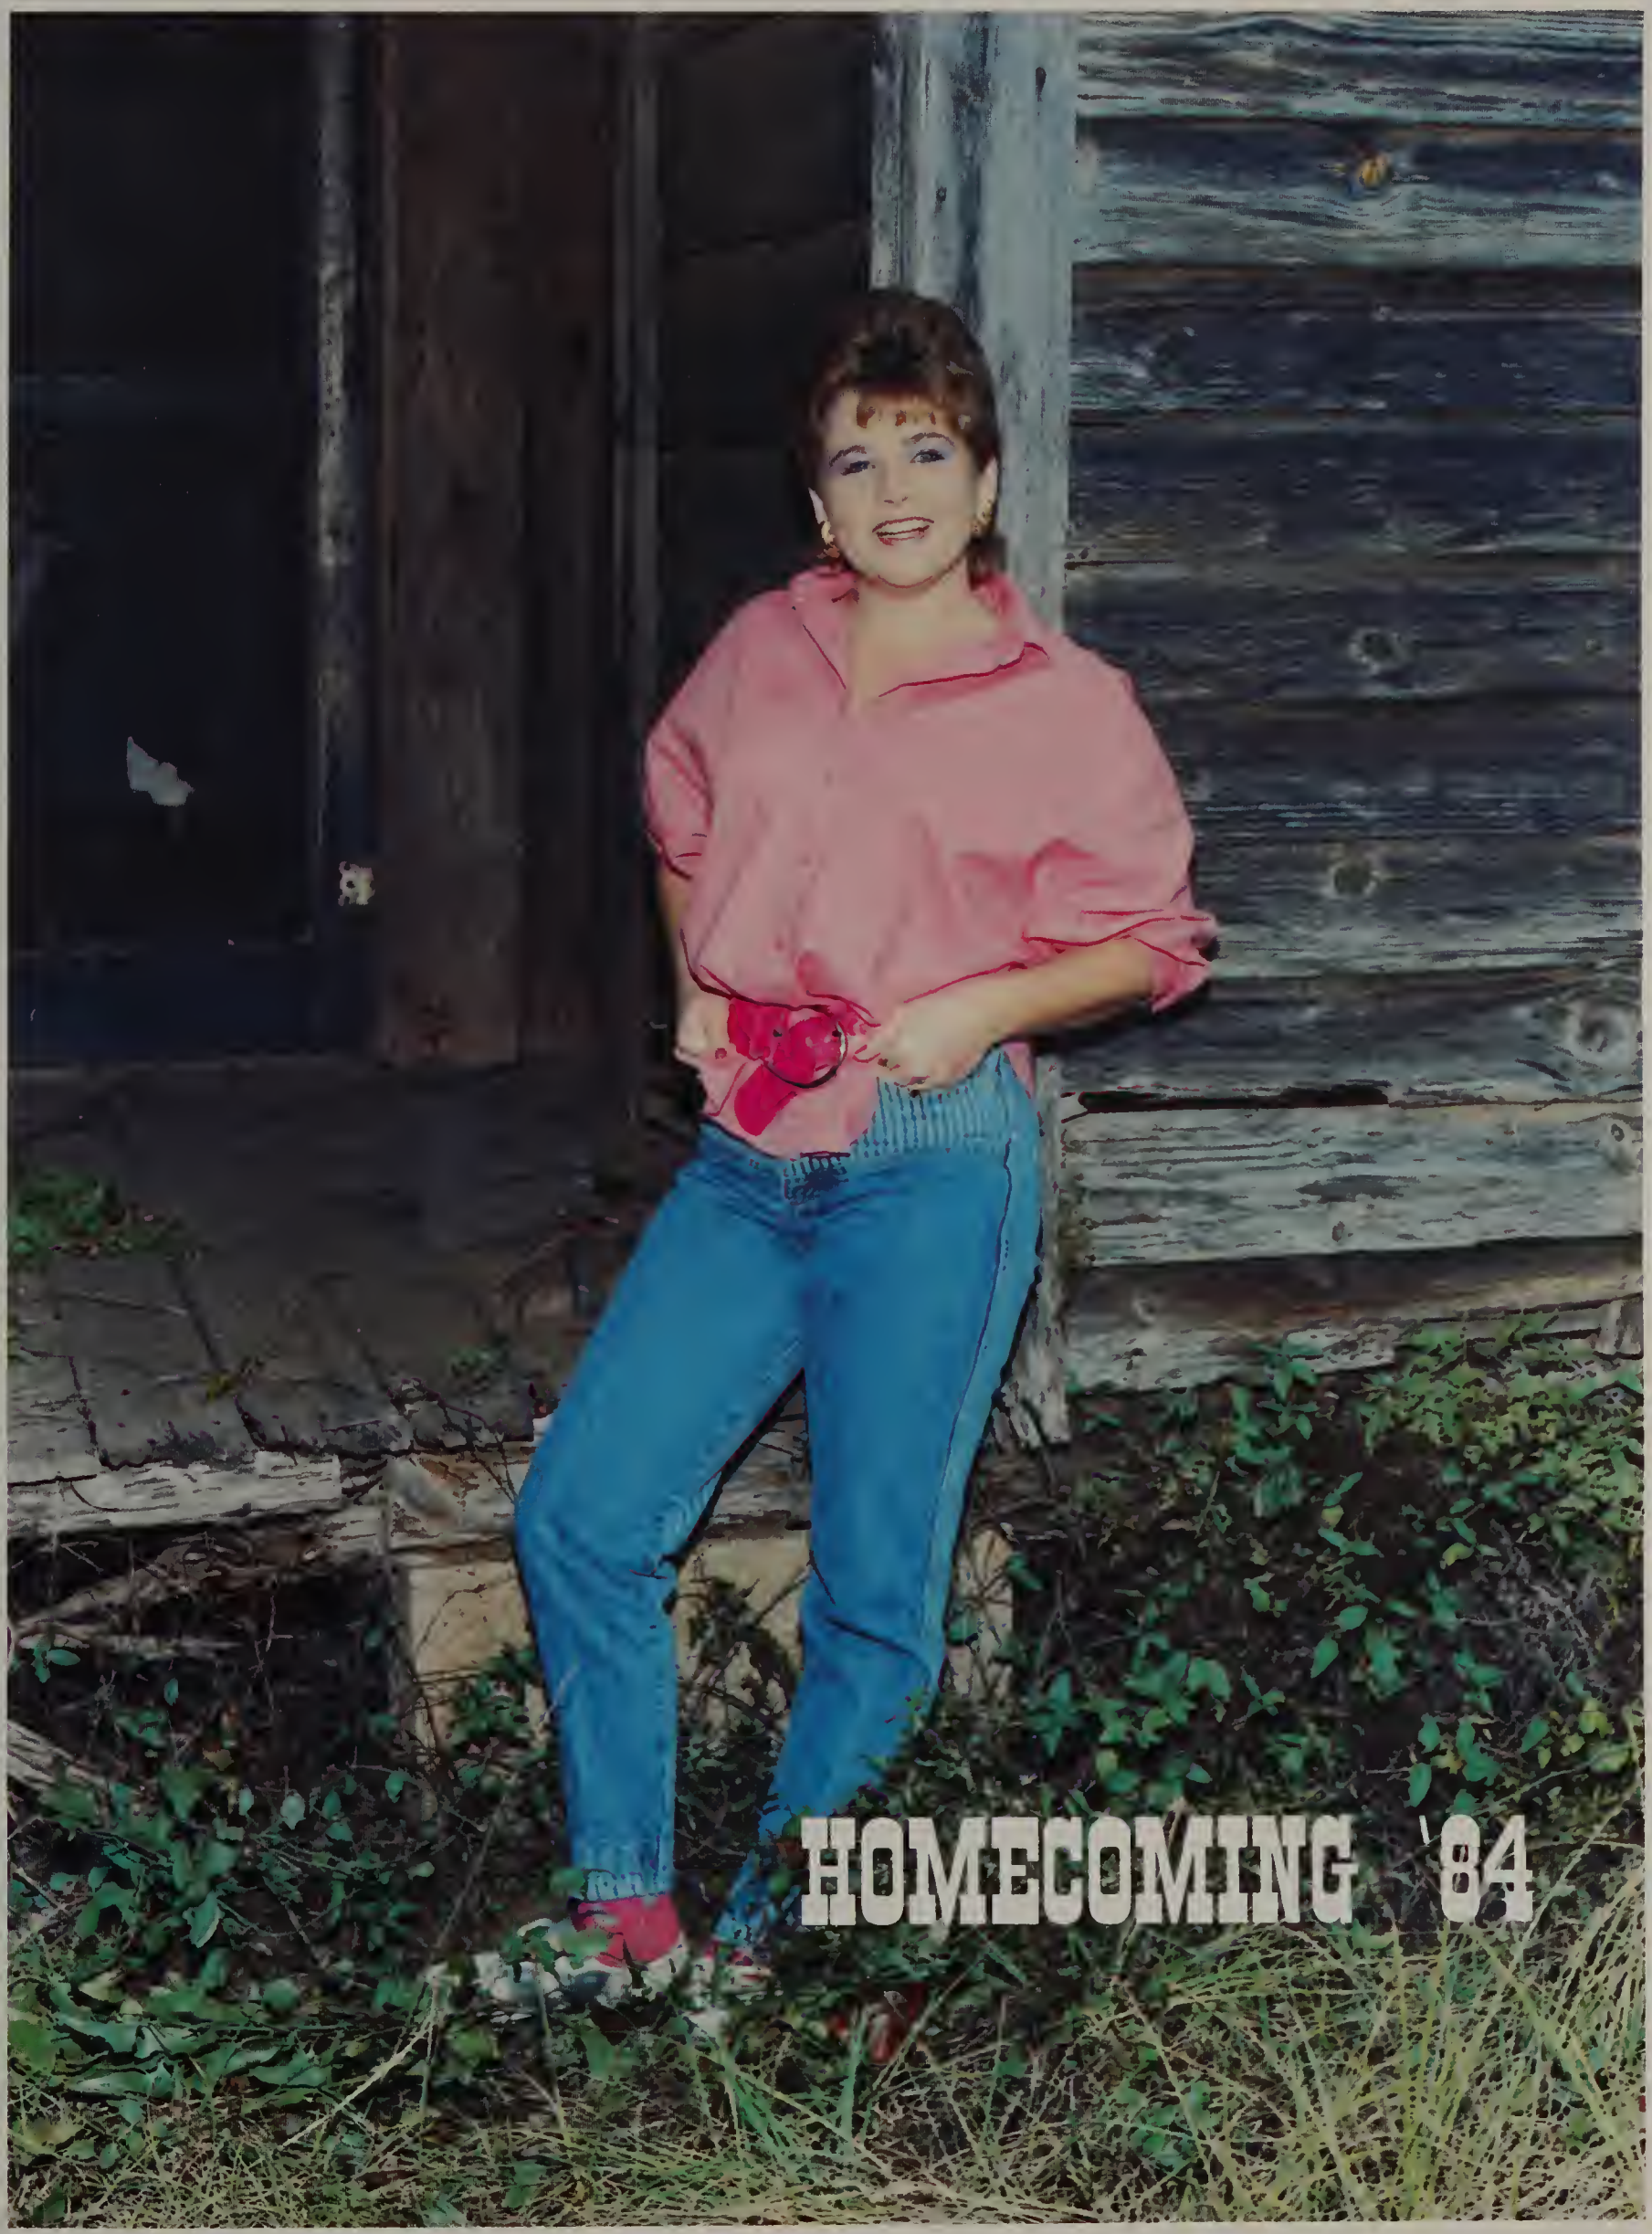

BUT THEN, COUNTRY HAS
ALWAYS BEEN COOL!!!

Country roads, like all roads, take us places. Often they take us away to places we've never been before. But one of the nicest things about roads is that they bring us home again.

Hopefully, this book will do the same thing. As you travel into your future, to new places, to new experiences, may this book be a road back home.

"In this great world,
as far as I can see,
There ain't no man wilder
than Frank Delaney.
He's into humor
and he's into drama,
But you'll wake the dead
if you talk about his mama!"
— Ricketta Broadway

"The joys of being a teacher are derived, not from fat paychecks or leadership awards, but from the students themselves. Education is more than 55-minute classes; it also means involvement in student activities. Participating side by side with students is a terrific way to form friendships, share ideas, and gain understandings."

— Ms. Suzi Bonifay

"HOW COULD WE ASK FOR MORE?"

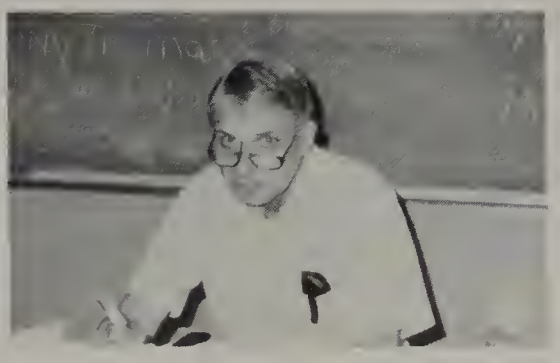

Coach Green, when asked to comment on this year's homecoming game, had only one word to say: "UGH!"

DEDICATION

This Heritage edition of the *Vespa* is lovingly dedicated to Mr. Randall Cooper for his many years of dedication to Central High School and its students. His friendliness, patience, understanding, guidance, and endless knowledge have endeared him to students and teachers alike. The goals of excellence he has encouraged his students to achieve, and his unselfishness in helping them to reach those goals, have earned him such honors as Star Teacher and Teacher of the Year. He has won the respect of two generations of CHS students and has become a vital part of the school's traditions and heritage. His influence is sure to be felt even after his years at Central have ended.

A STEP IN THE RIGHT DIRECTION

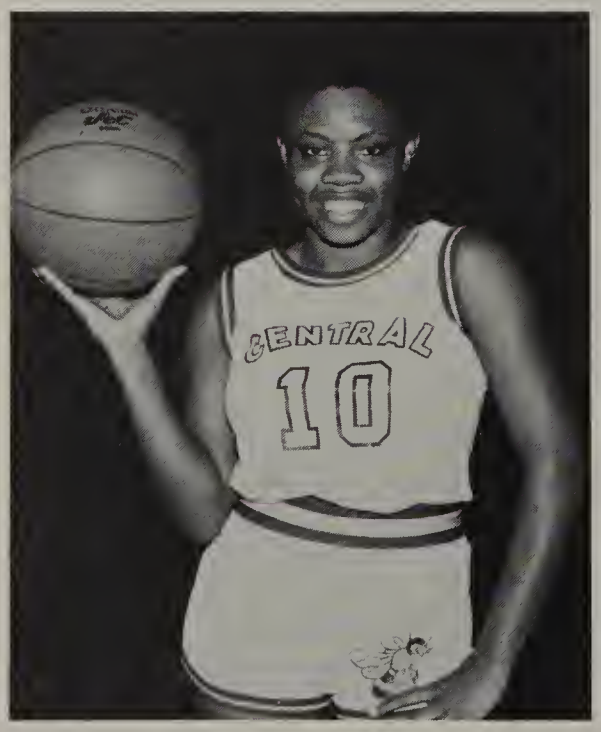

The 1984 football season for the Central Yellow Jackets meant excitement, fun, winning, and hard work. The hard work came in the weight room and on the field. The leadership for this hard work and winning came from the 1985 seniors. This leadership gave Central a 6-4 season record. The Jackets missed the play-offs only after a hard-fought contest with Lowndes County, 17-14. "We believe we can win!" became the trademark of the Jackets in 1984.

The Yellow Jackette basketball team experienced an exciting and prosperous season. The team finished the season with a 20-4 won/lost record. The Jackettes captured the South Sub-Region title and were runners-up in Region 1-AAAA. After advancing to the first round of the state playoffs, the Jackettes faced Beach County and lost a tough battle. The team did not hang their heads because they knew that they had had a wonderful season. The future looks bright for the Jackettes, although seniors Vivian Linton, Tammy Edwards, and Stephanie Davis will be greatly missed. The Jackette Train will, however, keep on rolling!

SUPERINTENDENT

THOMAS COUNTY
BOARD OF EDUCATION

This past year brought changes within the Thomas County Board of Education. Mr. Ronald Vonier (above left) retired from the board after twenty years of service. Mr. Edward Vonier was the only new member elected to the board. The following served as board members: Mr. Cecil Stewart, Mr. Edward Vonier, Mr. Stewart Jackson, Mr. Elmo Lee, Dr. Solana, superintendent; Mr. Johnny Reichert, chairman; Mr. Ed Benton, Mr. John Stephenson, vice-chairman.

MR. HILBURN DUNAHOO
PRINCIPAL

MR. FRANK DELANEY
ASSISTANT PRINCIPAL

Mr. Abrams enjoys hunting and fishing in his spare time. He decided to become a teacher because he felt that he could contribute more to society by working with young people. The ideal student-teacher relationship, he feels, is one of mutual respect.

Mr. Becker enjoys making and spending money during his spare time. He chose to become a teacher because he felt that education is the most important business. He feels that the student should be the learner and the teacher should be the resource person.

Mrs. Helen Belvin teaches in the business department at Central. She teaches Typing I, Typing II, and she enjoys helping her students learn the typing skills they will need in order to get jobs in the outside world.

Mrs. Trudy Blackburn enjoys cooking, camping, and spending time with her husband. The quality she admires most in a student is honesty. If she hadn't become involved in teaching, she says that she would have become a cheese server.

Ms. Bonifay enjoys lifting weights and photography in her spare time. She chose teaching as her profession not because she wanted to make money, but because she believed she could make a difference in the lives of her students. She says that the most embarrassing thing she's ever done was falling down in the lunchroom.

Coach John Booth taught at Central for the first time this year. Besides becoming involved in coaching, he taught World Studies, Basic Math II, and United States History, as well as Economics. Mr. Booth's students enjoyed his lively discussions and stories.

Besides being a good advisor to the Industrial Arts Club, Mr. Bremer teaches Photography, General Industrial Arts, Wood Tech, and Advanced Graphic Arts. Mr. Bremer sees that much of the school's printing is done.

Coach Brochu enjoys being with his family and traveling in his spare time. He chose the teaching profession because it gave him the opportunity to work with the youth of the country.

Mr. Enis Brown is the advisor for the Young Farmers and the Future Farmers of America. Mr. Brown also teaches his students Forestry, Plant Science, and Animal Science. He is very interested in seeing able young people become interested and involved in farming today.

Mr. Tony Brown enjoys traveling and playing tennis during his spare time. He became a teacher because it allowed him much freedom and creativity. He says that the quality he appreciates most in a student is curiosity.

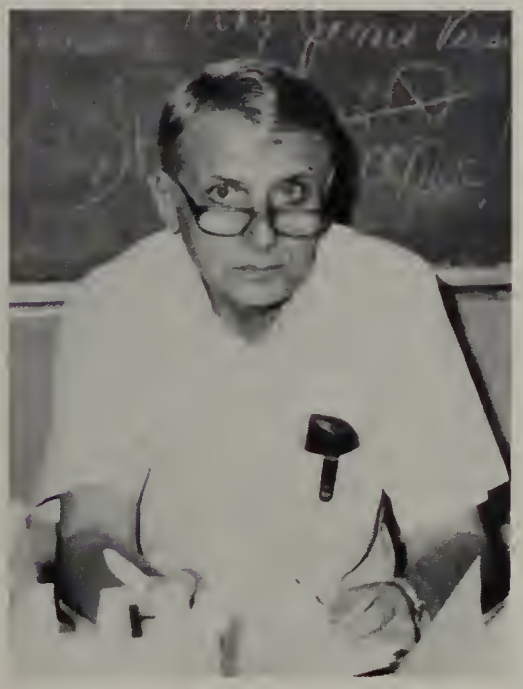

Coach Dennis Cain did a fantastic job coaching the girls' basketball team this year. We are all really sorry to see him leave to coach in Bainbridge next year, but we wish him the best of luck with his new team.

Ms. Lynn Clearman's favorite quality in a student is eagerness to learn. If she hadn't become a teacher, Ms. Clearman says, she would have become a rich man's wife. Her most embarrassing experience was sitting in the dunking booth on FHA activity day several years ago.

Mrs. Willie Coleman enjoys baptizing chickens in her spare time. This year at Central, Mrs. Coleman taught English to freshmen and sophomores, and she also taught CVAE. Education is a family affair with the Colemans, as her husband teaches also.

Mrs. Cromartie enjoys painting, horseback riding, and dancing in her spare time. Things that irritate her about students are laziness and disrespect. If she made another choice of careers, it would be in the field of art.

Mr. Donald Dalton has been at Central for several years in the industrial arts department. This year, he taught General Industrial Arts, Wood Tech, and Career Education.

Mrs. Charlesy Davis enjoys reading, bowling, and playing cards in her spare time. She became a teacher because she wants to help young people find a respectable place in society. Her favorite quality in a student is being mature enough to understand the importance of an education.

Coach Darryl Dean chose to teach because he cares about people and wants to keep his students from making the same mistakes he made. If he were not in the teaching field, he would be a poultry marketing consultant. He finds apathy in students to be very irritating.

Mrs. Cora DeMott teaches at Central in the business department.

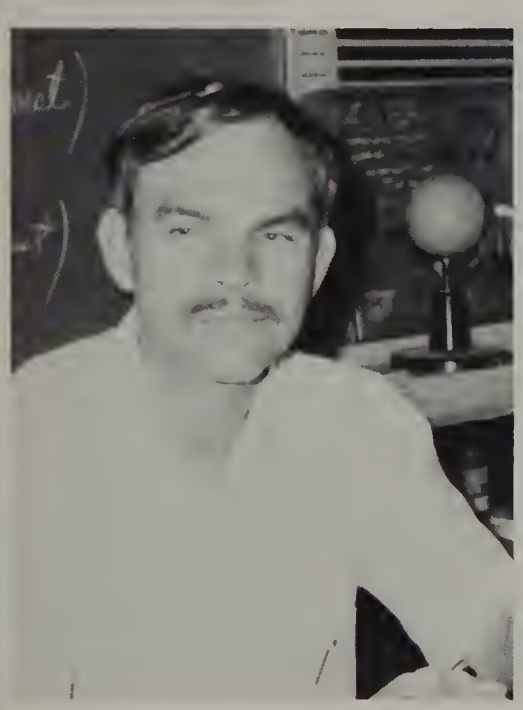

Mr. Steve Eckels is the band director here at Central. He loves music. He teaches for a large part of each day in Pavo and at Magnolia and Garrison-Pilcher. Mr. Eckels' bands entertain students and faculty at assemblies.

Mrs. Fudge enjoys gardening and reading historical novels. She would like to be able to eat lunch in a restaurant like everyone else who works, if she had one wish. Falling on the catwalk was her most embarrassing experience here at Central.

Mr. Ralph Fudge enjoys gardening, reading, and writing during his spare time. One of the most irratating things about a student, to him, is disrespect. He feels that the ideal student-teacher relationship is friendship that does not interfere with learning or honest evaluation.

Mrs. Gondon enjoys reading in her spare time. One of the most irritating things about a student, to her, is trying to cheat on a test. If she weren't a teacher, her career alternative would be pharmacy or marine biology.

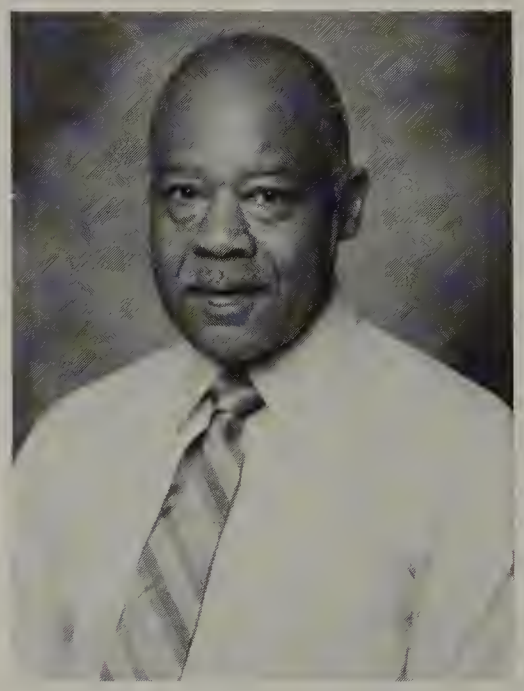

Mr. Larry Green became a teacher because he believes that teachers have the most important role in society after parents. His favorite quality in a student is a positive attitude. He would like to travel more if he weren't a teacher.

Coach Charlie Greene enjoys Bible study during his free time. He became a teacher because he enjoys working with people. One of the most irritating things about a student, he says, is talking while the teacher talks. His favorite quality in a student is friendliness.

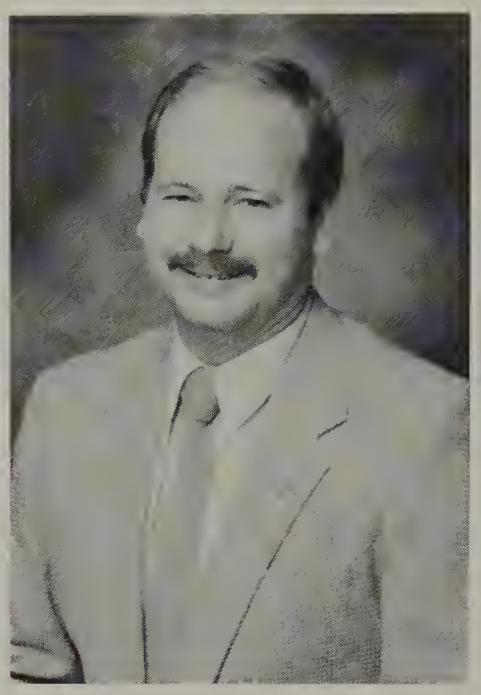

Mr. Floyd Guice has taught English here at Central for fourteen years. This year he taught Basic Junior English, Advanced Junior English, and he enjoys teaching students to read and enjoy literature.

Mr. Hargraves enjoys softball, reading, and listening to music in his spare time. He enjoys teaching, and each time a Central student becomes a contributing member of his or her community he is rewarded.

Coach Harper enjoys hunting, fishing, and sports in his spare time. One of the most irritating things about a student, he says, is dishonesty. If he weren't a teacher, he would like to be involved in counseling.

Mrs. Rosemary Henderson teaches history here at Central. This year she taught United States History, Economics, and she tried to get her students to study and understand these subjects.

Mrs. Carolyn Henry is in charge of all choral activities here at Central. She and her students always do a good job of performing musically. Her CHESS group entertains at many of our assemblies.

Mr. Curnell Henry says that if he weren't a teacher, he would become a full-time minister. One of the most irritating things about students, to him, is a lack of discipline. He also expects his students to be honest with him, and when they aren't he is disappointed.

Mrs. Hennessey enjoys reading and listening to Christian tapes in her spare time. She became a teacher because she feels that working with teenagers is a challenge. Her favorite quality in a student is interest in the subjects being taught.

Mr. James Hester teaches Special Education all day at Central. He finds his job very interesting and challenging.

Coach Al Hicks enjoys fishing in his spare time. His favorite qualities in a student are maturity and reliability. He would like to fish every day if he could. If he weren't a teacher, he would be a building contractor.

Mrs. Lana Hicks enjoys sitting on her front porch in her spare time. She became a teacher because she enjoys being around young people. If he weren't a teacher, she would like to try being a forest ranger in the Rockies.

Coach Hodges enjoys hunting and playing softball during his spare time. He spends five to six hours a day after school on his school work. If he weren't a teacher, he would become a game warden and catch people coon hunting illegally.

Ms. Constance Hudson teaches math here at Central. She spends 99.9% of her time with school-related work. If she were not a teacher, she would be a laboratory technician.

Mr. Ivey teaches English and math here at Central. He is a talented elocutionist.

Mrs. King enjoys working with computers and learning all about them. She also, in her spare time, likes to bake fresh bread and goodies.

Mrs. Lamar enjoys spending time with family, running, and playing with her dog during her spare time. She is the advisor for the Future Teachers. If she had to choose another career, it would be in the area of entertainment.

Mrs. Opal Lewis enjoys crafts, refinishing furniture, and reading in her spare time. She decided to become a teacher because she likes to work with young people. If she weren't a teacher, she would like to do more traveling.

Mrs. Long enjoys church activities, sewing, and crafts during her spare time. She became a teacher because she enjoys working with teenagers. One of her most embarrassing moments as a teacher was when a student knocked her down on the catwalk.

Mrs. Maddox has worked for several years as a media assistant in the Central Media Center. She enjoys working with books and with Mrs. Powell and Mrs. Lewis, who also work in the media center.

Coach Ken Manwaring enjoys hunting and fishing in his spare time. He became a teacher because he enjoys working with young people. His favorite quality in a student is reliability. If he weren't a teacher, he would become a doctor.

Mrs. Meyers became a teacher because she thought challenging students' abilities through teaching would be enjoyable to her. One of the most irritating things about some students, she says, is lack of motivation. Her favorite quality in a student is enthusiasm.

Mr. Arthur Miles enjoys playing tennis and fishing in his spare time. Mr. Miles spends about two hours per night preparing his lessons for school. If he had another alternative in careers, he would become a bank president.

Mrs. Napier teaches English here at Central. Her spare time is taken up with reading, sewing, and taking care of her husband and three children. Mrs. Napier likes teaching and spends a lot of time thinking about her classes and preparing her lessons.

Ms. Millings says that something she would like to do but can't because she is a teacher is to become a millionaire. She became a teacher because teaching was something she always wanted to do. In her spare time, she enjoys reading and listening to music.

Mrs. NeSmith says that if she weren't a teacher, she would go into fashion merchandising. She finds lack of responsibility one of the most irritating things about students. In her spare time, she enjoys baking and crafts.

Mr. Milton jokingly says that something he would like to do but can't because he is a teacher is to skip classes. He also claims that his most embarrassing experience was losing an arm-wrestling match to a ninth-grade girl. If Mr. Milton weren't a teacher, he would become an insurance salesman.

Mrs. Parrish enjoys reading romantic and historical novels and traveling in her spare time. If she had to choose another career besides counseling, she would like to become a travel agent.

Mr. Pharr enjoys reading and taking part in sports during his spare time. One of the most irritating things about a student, to him, is not caring and not being willing to work. If he wasn't a teacher, he would become a social worker.

Mrs. Rambo enjoys sewing and watching *Dr. Who* in her spare time. Her favorite quality in a student is a sense of responsibility and the ability to foresee what is expected of them. If she weren't a teacher she would like to become a field biologist.

In her spare time, Mrs. Powell enjoys reading, sewing, and baking. Two irritating things about students are chewing gum and coming to class late. Something she would like to do but can't because she is a teacher is to travel. If she were not a teacher, she would become a dietician.

Mrs. Reichert works in the office here at Central. You've probably talked to her if you were late to school or wanted to sign out. The people who work in the office would have a hard time listing their jobs because they have so many.

Mrs. Miriam Powell enjoys singing, attending musical and theatrical performances, backpacking, flower arranging, and reading during her spare time. She became a teacher because she likes to learn and likes to help others learn.

Mrs. Laine Reichert, in her spare time, enjoys participating in sports. Her favorite qualities in a student are honesty, determination, and hard work. If she weren't a teacher, she would be involved in the exercise psysiology field.

"Where Service Counts"

U.S. Choice W.D. Brand Beef

...enjoy the Big, Bold Goodness of the West!

Nothing compares to the taste of a U.S. Choice steak or roast from Winn Dixie. We carefully select our beef from heavy western corn-fed livestock, and age it naturally for tender, juicy perfection. Then it's expertly cut and trimmed for the best flavor and value.

You can see the difference, and taste the difference No other beef sold is quite the same...or quite so good.

My high school years have really flown by. It seems that only a few days ago I was a freshman; now I am a senior. These four years at Central have been among the most enjoyable phases of my life.

Being editor of the yearbook has been quite a challenge for me, one that I have enjoyed meeting. I must admit that it was not an easy task, but through hard work our mission was accomplished. I must thank the members of the annual staff for their untiring effort, contributions and cooperation. I would also like to thank Ms. Liz Robinson and Mr. Randy Stephenson for their advice and leadership. Finally, I thank the staff for permitting me to serve as its 1985 editor.

I hope that the pages of the annual will always keep us aware, now and in the future, of the ties that bind us to each other and to our Alma Mater.

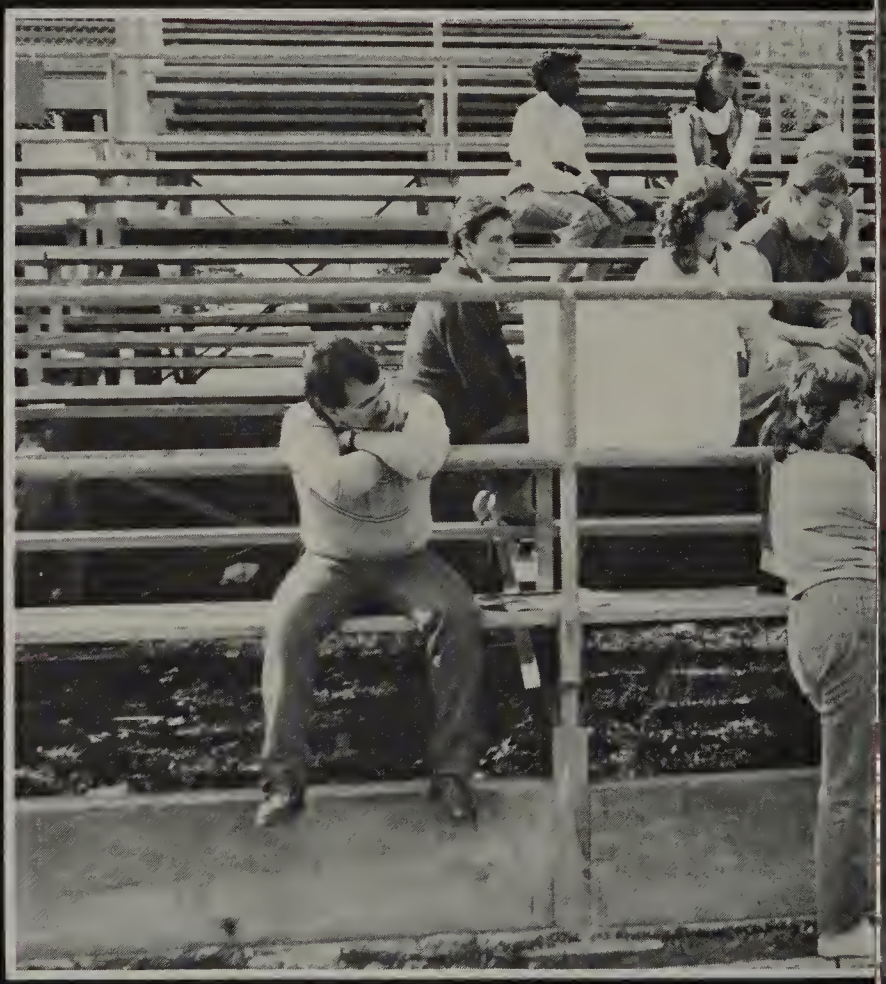

Sincerely,

James Marable

Hail, Alma Mater, our homage we bring;
For thy rich blessings we laud thee and sing.
Knowledge, truth, honor, and courage of heart —
These gifts so rare thou dost ever impart.
Hail, Alma Mater, Central High School, all hail.

Thy children thee ever love and adore;
thy guiding hand leadeth them evermore.
Hail Alma Mater, Central High School, all hail.

Kasara,

To a very sweet and adorable girl! Weird knowing each other since we started going to your church. (Susan's church) Even remember when you first came to your church. Remember when you moved here. Remember party? Sleepovers? Remember when you came to my closing, let me wish you the very best of luck for the future. Also, stay out of trouble! We'll be ready for you! Have fun!

Hi Sara, my friend
You are my friend
best, best friend in the world.
You know that I love you
and the distance between us
can't change that. I wish
I was there to give you a hug
and a kiss right now.
I'm sorry that I made you cry
but I know deep down inside
you are glad that I did.
Remember when we used to
talk on the phone all the time
and you would tell me
how much you missed me
and wished I was there
to hold you? Remember
when I would tell you
how much I missed you
and wished you were
here with me? Remember
when I would tell you
how much I loved you
and wanted to be with you
forever
